Education

B.E. – Computer Science & Engineering

VSM's S.R. Kothiwale Institute of Technology, Nipani
CGPA: 8 | 2021–2025

XII (PUC)

KLE G.I. Bagewadi PU College, Nipani
Per : 74 | 2021

X (SSLC)

Shantiniketan Highschool, Nipani
Per : 80.80 | 2019

Internships

Java Full Stack Development | Seven Mentor Pune

📅 02/2025 - 04/2025

Project: GalleryHub

- Built a full-stack web app using React (frontend) and Spring Boot, Hibernate, MySQL (backend)
- Implemented image upload, display, delete, filter, and data validations
- Applied MVC architecture and RESTful APIs for scalable, maintainable code

AI & Data Science | Invenetron Technology Bangalore

📅 10/2023 - 11/2023

Project: HandGesture Recognition System

- Developed a Hand Gesture Recognition system using machine learning and computer vision. Trained models with Python, TensorFlow, and Keras to accurately recognize hand gestures. Collected and preprocessed datasets to improve model accuracy. Applied deep learning techniques to enable real-time gesture recognition for various applications.

Web Development | SV Mind Logic – Nipani

📅 10/2023 - 11/2023

Project: Jewellery Website & Shop Website

- Designed and developed two responsive websites with HTML, CSS, JavaScript, Bootstrap
- Ensured mobile responsiveness and cross-browser compatibility through testing

Skills

Technical Skills

- Java, Spring Boot, Hibernate
- React, JavaScript, HTML & CSS
- MySQL, SQL Server
- Git & GitHub
- OOP Concepts
- REST APIs

Soft Skills

- Problem Solving
- Teamwork
- Adaptability
- Communication Skills
- Time Management

Projects

Airline-management-system

Tools: React, Spring Boot, MySQL, REST API

-An Airline Management System is a software application that manages airline operations, including flight scheduling, ticketing, and customer management.

-The system typically includes modules for flight management, booking, payment processing, and reporting..

LocalClinic

Tools: React, Spring Boot, MySQL

- The Local Clinic's appointment system allows patients to schedule appointments at a specific date and time.

-Patients can choose a convenient time slot that suits their needs

Practice project

- [Wishlist](#)
- [Quiz management system](#)
- [Recipe management system](#)

Achievements

- Project has Selected for **State-level Poster Presentation & Exhibition** (48th Series, 2024–25)
- Received **Certificate of Acceptance and Publication** for a research paper
